

SOULHARIA CONTRACTOR

Profile

Introduction:-

Soulharia, Ajman Based Contractor company who is playing an exciting role in Telecommunication, Networking, Electrical, Mechanical, Civil steel structure & Civil Works. We are operating in UAE (Soulehria General Maintenance Contractor) with strength of Highly Technical & Professional Employees. We were established in Year-2008. During shorter tenure, We were registered with international Vendors & renown Telecom Operators due to our professionalism, productivity, smooth execution, proper reporting & successful project completion. Our leading contribution is highly appreciated by Telecom Operators & Service Providers. Our vast and good experience in the field of Civil Steel Structure, Civil works, Electrical Telecom Equipment installation, Testing, Commissioning and O&M for Electrical System.

We always raise slogan:

“Excellence & Perfection”

Our Vision:-

SOULHARIA CONTRACTOR works on the principle and rule of treating customers the way we personally would like to be treated – with honesty, care and professionalism. We believe to work as per the customer or client requirement with satisfaction as well as believe in sustainable and valuable long term professional relationship.

Our Mission:-

Continue Our Roadmap starts with our mission, which is enduring. It declares our purpose as a company and serves as the standard against which we weigh our actions and decisions.

- **To inspire moments of optimism and happiness.**
- **To extend the reach with Telecom Operators.**
- **To create value and make a difference.**
- **To make commitment for excellence.**
- **To prove quality & innovation.**
- **To develop long-term business relationship.**
- **To encourage collaboration in every action**

Our Expansion Plans :-

We are in the business of delivering client-specific solutions for projects related to Telecom, Electrical, Civil Steel Structure for Residential and Commercial Building & Mechanical Works.

The integrated package of services encompasses Procurement, Installation Commissioning & testing services for Telecom & limited supply of products for Power and oil & Gas Sector. We offer comprehensive range of services keeping in mind client's need for rapid response and quality services.

Our immediate expansion plan is to strengthen the presence in UAE & Pakistan to provide services for Telecom, Power and Oil & Gas Sector. Further expansion plans could include Installation & commissioning services of Electrical, Mechanical works and Manpower supply in UAE.

Tight deadlines imposed by clients in a market where there is over-demand of materials, with high quality work are bigger challenges at present. The firm is built around a team of experienced engineers and supervisors. The engineers have many years of experience in the Gulf & Pakistan on landmark projects and work as a team with the client engineers.

“We say No to thousands of projects, To focus on the few those are truly important and meaningful to us”
